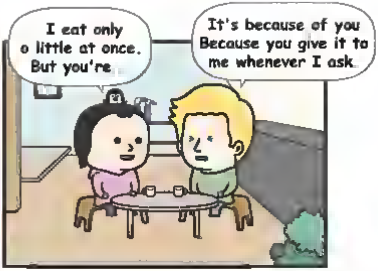
Interim Check

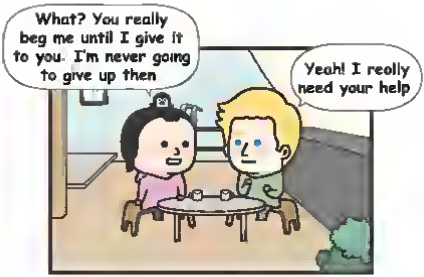
It's the middle of 2016.

This was our resolution.

To be honest, it's not very successful.



Mev is worse than me

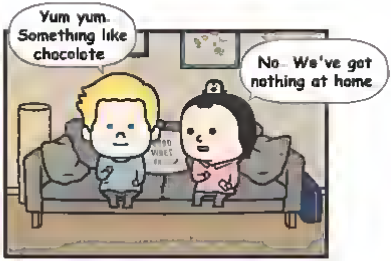


So we strengthened our determination

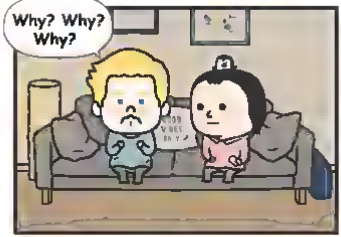
Oh~ It looks yummy
Shall we get this?
Na, Mev.

Why not?
Let's get it
Hold your temptation
We can't eat it
if we don't have it.

Ah... I want to eat something delicious...



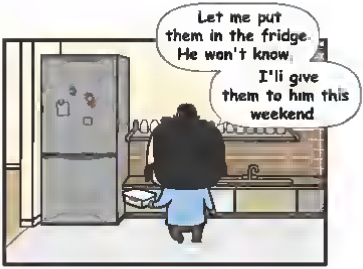
Yum yum. Something like chocolate
No. We've got nothing at home



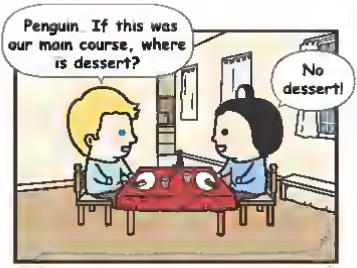
We were trying hard to resist on our desire for chocolates.

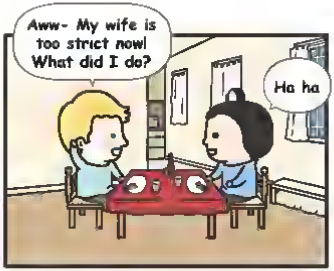
Then one day

For no particular reason,
I suddenly made a bunch of brownies.

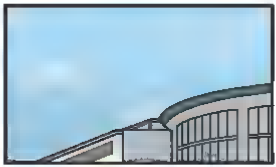


I put the brownies away before
Mev got back home.

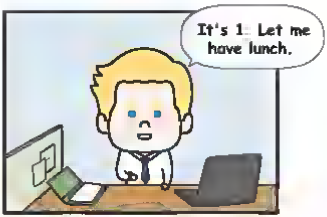


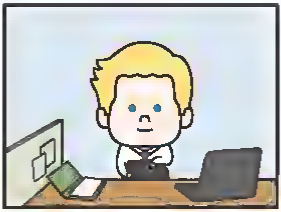


We passed another day without snacks like so_



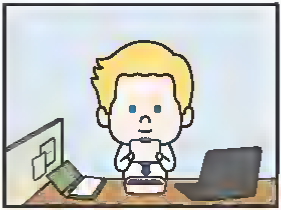
The next day.

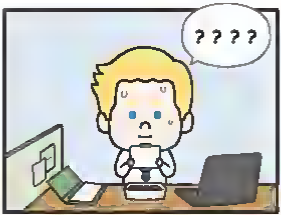


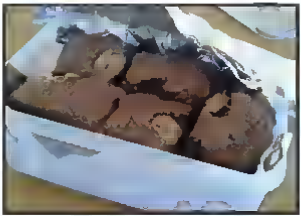


That morning

I've already packed his lunch box.
I'll lie down again while he's in the shower.







What does it mean?
